

PATHWAYS PROGRAM

Central Arizona Association of Governments (CAAG) is proud to present the Pathways Program funded through a grant from the U.S. Department of Labor. This program recruits participants that want to pursue a career working in the green trades. Our goal is to provide the training and supportive services for our participants to be valuable employees in your business. The CAAG Pathways Program is interested in partnering with your company in order to help them become employed. We welcome the opportunity to discuss what we can offer your company to assist in our goal of employment for Arizona workers. Below is a list of some of the benefits that your company could receive.

Skilled Workforce

- Specific occupational training in green careers.
- General training in workplaces skills and identification of skill sets.

Wage Assistance Opportunities

- On-The-Job (OJT) training funds (50% of employee's salary).
- Work agreement program (100% of employee salary; limited to 500 hours).
- Tax credits available - state & federal tax credit information.

Supportive Services

- Employee assistance with child care, transportation and fuel may be provided to enable employee success.

The Pathways Program's ultimate goal is to have each employee retain employment with the sponsored company that we have partnered with.
